

Date: May 1, 2016

From: Leaf River Ag Service-Energy Dept.

Subject: **Prepay Contract Pricing Program for Home Heating and Safety Information**

Contracting is available from now until the end of September. The reason for this is that markets are so volatile and fluctuate constantly, so we opened up the contract period. **All you have to do is call us during normal business hours for a prepay price quote which could change daily up or down, and if this price is satisfactory to you, lock in this price by sending a check right away or put it on a credit card for .10 cents/gallon higher along with the bottom portion of this page.** The information we need when you call is the tank size, own or lease the tank, and cash or credit card.

If you have an account balance, your account must be paid in full before you can contract. If you have prepaid money left over from last year, we will apply this credit to your new contract at the price you decide to lock in. **The price / gallon that you have on your prepay contract is in effect until April 1, 2017.** After that date is passed, then the prepay money can be used at the current market or put towards the next season prepay contract at the price you decide to lock in. **The money you put into your prepay contract is non-refundable, but remains on your account.** We do accept Major Credit Cards and John Deere Financial. If you have any questions, call us at 218-631-1020 or toll free at 1-877-446-0050.

Please complete and return the lower portion of this letter along with your payment to
Leaf River Ag Service, PO Box 511, Wadena, MN 56482
